

Network Camera-V5.8.32_SP1 Release Note- H13 (260330)

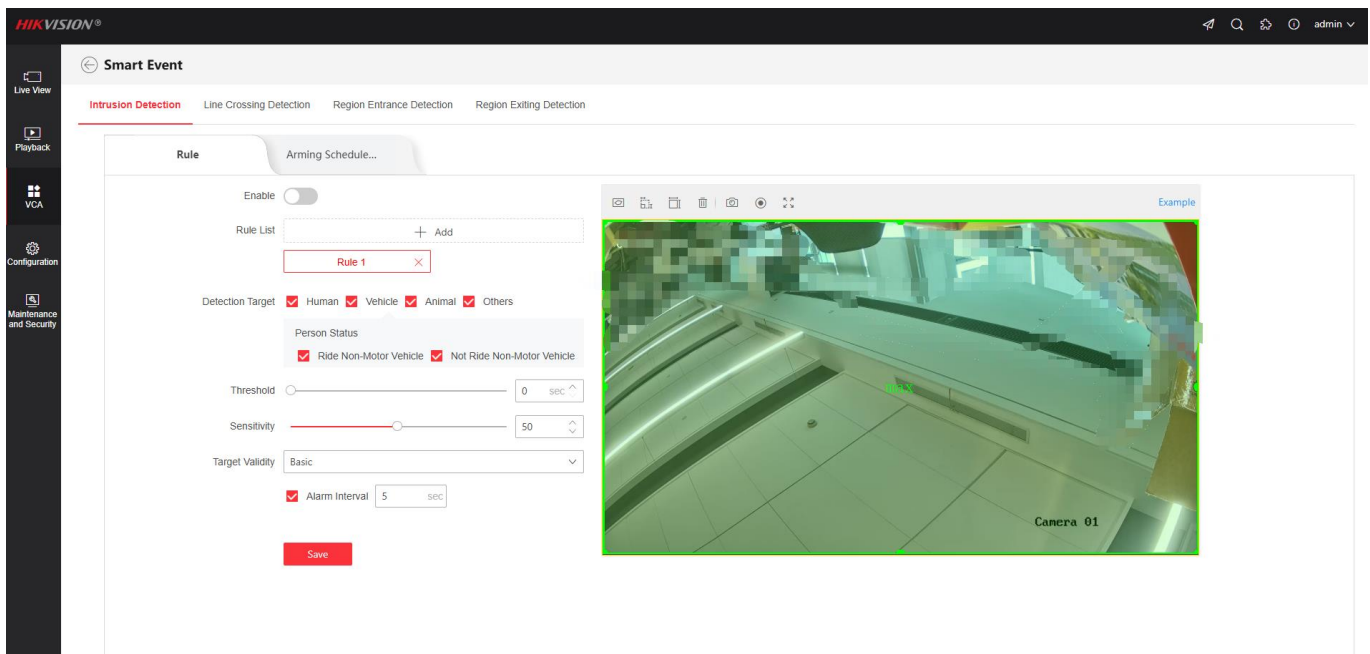

Firmware Basic Information

Firmware version:

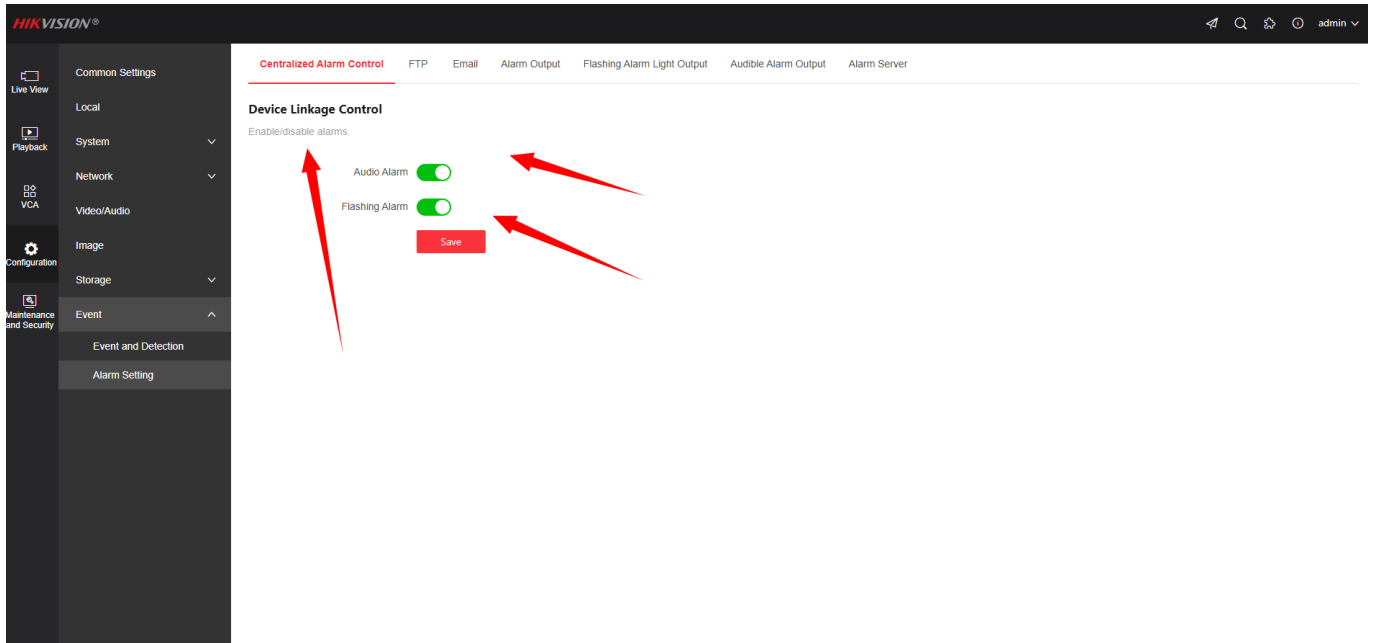

V5.8.32_SP1_260330

New Features

1. The 2 series products have added support for perimeter animals and non-motor vehicles. The detection targets are set to animals and others by default.

2. Add a master control switch (**Device Linkage Control**) for sound and flash alarm functions, which is enabled by default. When enabled, the linked configuration of sound/flash alarms takes effect; when disabled, all linked configurations for sound and flash alarms become inactive (during the arming period).

3. The **Device Linkage Control** is linked with HC to include the following functions: Arming, Silent Arming, and Disarming.

- **Arming:** When an event occurs, the camera's sound and light alarms function normally, and the HC terminal receives the alarm (which is also displayed in the message list).
- **Silent Arming:** When an event occurs, the camera's sound and light alarms do not activate, but the HC terminal still receives the alarm (displayed in the message list).
- **Disarming:** When an event occurs, neither the camera's sound and light alarms activate, nor does the HC terminal receive the alarm (no entry in the message list).

Modify Function

Fixed some bugs to enhance system stability.

Customer Impact and Recommended Action

This update refers to function/compatibility improvement and will take effect automatically after the Date of Change. We are very sorry for any inconvenience of use-habit changes caused by this

action.

For any questions and request for this firmware, please contact our local technical support team.

Remarks:

- Hikvision reserves the right to change, alter or withdraw the above notification without prior notice.
- Product design and specifications are subject to change without prior notice.
- The Hikvision firmware may contain errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.
- Hikvision is not liable for any typing or printing errors.
